CERTIFIED ORGANIC
SHAMPOO
FOR ALL HAIR TYPES

**RADIANCE
VOLUME**

aloe vera tiare grapefruit ylang-ylang chamomile vetiver s.lanka & haiti honey coconut

Monoï de Tahiti is an oily maceration of Tiare flowers (*Gardenia tahitensis*) obtained by "enfleurage" in coprah oil made in Tahiti. The "Tiare Tahiti", symbol of French Polynesia is cultivated in the remote areas of islands, and has to be used at the latest the day after its gathering. Monoï de Tahiti, as a natural beauty care, allows to enjoy all Tiare virtues.

This organic care shampoo, which formulated with the natural components needed by the scalp and hair strands, offers a unique bathing experience with its extremely soft formula and thin creamy foam. The nutritious ingredients that we brought together in order to make your hair gain volume and help it grow brightly, help maintaining the oil balance of your hair while fighting against split ends.

ROUCOU

the scarlet seeds

REVITALIZE PROTECTS

CERTIFIED ORGANIC SHAMPOO FOR COLORED HAIR

The Roucou Tree is native to South America. The Indians used it daily for protection against sun and insects, but also and primarily to color the skin, which is also the origin of the name «Redskins». Recent scientific studies reveal several interesting properties for the medical and cosmetic fields: sunscreen, antioxidant and photo protective, which make these sunny seeds a perfect ingredient for sun care.

aloe vera tiare lavender marjoram clary sage chamomile walnut shell vetiver honey coconut

We brought together protective and regenerative components offered by the nature for caring damaged hair and scalp. The ingredients focus on nourishing hair follicles and bringing volume to the hair strands.
